Term 2 - 2019

HOUSEMASTER'S REPORT

It is a good feeling to reach the end of yet another term. The worrying fact is that this term sped past so fast that we didn't even notice that half the year is over. It seems as the year progresses we all get caught up with our duties that we spare very little time to enjoy each moment.

The boys this term have been wonderful with most of them giving of their best. Whilst it is perfectly normal to have behavioural and disciplinary issues to deal with on the whole, I am proud to say that Nicholson's boys have had no major discipline problems. However, I must appeal to you to inculcate the basic core values that College tries so hard to impress upon each of its learners, in the upbringing of your children. These are values that will set your boys up for life.

It is pleasing to report that we have some 2nd form 'gems' both in the classroom and on the sports field. A lot is going to be expected of these boys. I have no doubt that they will be groomed into fine leaders in the years to come. It is encouraging to see many of our senior boys in true College style, living the life so many before them lived. I must acknowledge the fine example they are to the boys that follow. We have seen boys coming into their own - taking on responsibilities that they would previously have shied away from.

Our **outreach programme** this year is twofold. We will be helping 1000 Paws and SAVF, a home for the aged, that we helped last year. Please encourage your sons to get involved in helping the less fortunate.

Let me take this opportunity to wish all boys and their families a restful break and I look forward to seeing you in the new term.

HOUSE CAPTAIN REPORT

As a house captain I came into the year wanting to make a change within our house, and this was made possible with the help of the house leaders. My main objective for the year was to get the whole house to participate in house competitions and get everyone wanting to be a part of what we do.

I've really enjoyed working with our house this year and especially with my fellow house leaders and sixth formers. We have brought a bit of spirit back into the house and hopefully this can still grow.
