THE SABC AND THE DEPARTMENT OF BASIC EDUCATION LAUNCH COVID-19 TV AND RADIO CURRICULUM SUPPORT PROGRAMMES FOR LEARNERS

The SABC and the Department of Basic Education have launched a multi-media learner support initiative under the banner: *COVID-19 Learner Support* aimed at limiting the impact of the lockdown to the school calendar. The initiative is part of the broader efforts to prevent a total loss of school year since the lockdown was announced by President Cyril Ramaphosa as a measure to combat the spread of corona virus known as COVID-19.

The programme is scheduled to start tomorrow, April 9, 2020 and will broadcast across three SABC TV Channels and 13 Radio stations with online support. The series will provide curriculum support lessons to learners in Grades 10, 11 & 12 and Early Childhood Development (ECD). Some of the subjects covered include Maths, Physical Sciences, English FAL, Life Sciences and Accounting. A variety of African languages are also covered under the ECD basket.

This initiative is also launched in anticipation of the mid-year exams due in June 2020. The campaign will be providing learners with relevant support material they need in order for them to walk into those exam rooms knowing they have received the support and information they need to tackle the exams with confidence.

Learners are encouraged to check their local listings for the exact slots for radio. The SABC and the National Department of Basic Education created the campaign to be the daily source of information and the central shared hub for learner support.

“We invite learners to take full advantage of these resources as we believe they will assist them a great deal during this lockdown period to catch up with their school work and better prepare for the upcoming exams in the year,” says SABC COO Ian Plaatjes.

This multimedia initiative is supported by an online YouTube channel. If we learn by repetition, learners will have ample opportunity to watch the content as many times as they want.

“We welcome the commitments and support from the public broadcaster to support the education programming during this time of the lockdown. Our learners need all the support they can get in order to continue learning at home as schools are closed because of the

coronavirus. We should all do our best to minimise the impact of the disruptions caused by the crisis brought about by the COVID-19 pandemic,” said Mr Mathanzima Mveli, the Director-General of the Department of Basic Education.

The TV Schedule is as follows:

SABC 1: Mon - Sun 05h00 - 06h00

SABC 2: Mon - Fri and 09h30 -11h00

SABC 3: Mon - Fri 06h00 - 07h00
