

ACADEMIC SUPPORT

Academic Support commencing **22 February 2021**

Academic support is offered in a number of subject areas at the school. All of these sessions are free of charge. Entrance into the academic support programme is based on work ethic and need, and individual subject teachers will be consulted in this regard. The first step when experiencing difficulty in a particular subject, is to approach the subject teacher, who will provide suggestions and strategies to help. In addition to this, all boys are expected to access the support materials available on the school's Moodle (moodle.mcollege.co.za), which has a variety of tutorials, lesson power-points, links to the school's YouTube channel and past papers with memos. All boys must be accountable for their own academic performance, and must take active steps to address their areas of difficulty.

- boys must sign up for academic support on a termly basis, and may not come and go as they like
- if they are not able to attend for a valid reason, they should excuse themselves from the relevant teacher
