# WELCOME FROM THE HEADMASTER OF MARITZBURG COLLEGE

May I extend a warm welcome to the 20 schools – players, coaches, managers and supporters – attending the 61<sup>st</sup> Michaelmas Cricket Week. A special word of welcome to the Futura Sports Invitational XI team.

We acknowledge the very generous sponsorship of Jonathan Oppenheimer, an ardent cricket follower. This money is used, in part, to keep the tournament costs as low as possible and our sincere thanks go to Jonathan.

The Michaelmas Cricket Week is the oldest cricket Week in South Africa and we are proud of the list of past schoolboys who have gone on to play on the bigger stage, be it at Provincial, Franchise or International level.

The four days are not only about cricket, but also about renewing friendships. There is a genuine camaraderie amongst both the boys and the coaches and it is a wonderful to watch how they share in each other's cricketing trials and tribulations.

I also take this opportunity to acknowledge and thank, most sincerely, Mr Brandon Swart, Mrs Stacey Emerson and the staff of Maritzburg College, who spend hours on overall organisation behind the scenes, catering and the preparation of the grounds, to ensure that the Week runs smoothly. Their commitment to College is sincerely appreciated.

I wish all the players, coaches, managers and supporters a wonderful and memorable cricket experience in the capital of KwaZulu-Natal.

Chris Luman  
HEADMASTER

# MICHAELMAS CRICKET WEEK & MR JONATHAN OPPENHEIMER

## 2004 - 2021...

The Michaelmas Cricket Week, South Africa's oldest and, arguably, most prestigious school cricket festival, and Mr Jonathan Oppenheimer began their formal association in 2004 when Mr Oppenheimer became the sponsor in that year. Known since then as the Oppenheimer Michaelmas Cricket Week, and still to this date in 2021, Mr Oppenheimer has been the single, longest sponsor of the week in its 61 year history.

Mr Johnathan Oppenheimer is a South African businessman, conservationist and philanthropist and has dedicated large parts of his career to the development and uplifting of numerous sectors of African & local business, conservation sustainability and steering business units and non-profit organisations to leave people and the world we live in, in a better place than how it was found.

In looking at Mr Oppenheimers association as sponsor of the cricket week, it is noted that he has always enjoyed a keen interest in the gentleman's game. Mr Oppenheimer himself played First Class Cricket in England for Oxford University Cricket Club. Mr Oppenheimer has a rich association with the game in South Africa as well as many first class nations around the world. His sponsorship and contribution towards the success of the Michaelmas Festival is evidence of his support and interest in seeing the next generation of young South African cricketers aiming to etch their names into the cricket annals. One such specific element of support has been the inclusion of the Cricket South Africa Talent Acceleration (CSA TAP) XI participating in the Week. This brings some of the best cricketers in their age group together, many of whom are not in the 'traditional cricket' schools. CSA TAP have always been a strong team at the Week and it is such development and promotion of opportunity that makes the Week, not only a prestigious festival, but a fertile ground to develop future generations. Mr Oppenheimer's contribution to this cannot be understated.

***Maritzburg College and the entire Oppenheimer Michaelmas Cricket Week family thank Mr Oppenheimer for his loyal support of Michaelmas Week.***

# THE MICHAELMAS CRICKET WEEK : 1959 - 2021

## ITS ORIGIN AND DEVELOPMENT

The Michaelmas Cricket Week has been a feature of the South African cricket season for 60 years. Prior to the inception of Michaelmas Cricket Week, other school cricket festivals had taken place; one was held in Grahamstown as far back as 1898, and an inter-schools week was held in Durban in 1925, in which four Natal and four Transvaal schools took part. There was, of course, the Offord Cricket Week in Natal, which was played annually from December 1932 until December 1993 under the auspices of the Natal Cricket Association. In 1994 the Offord Week format changed quite radically, in that all teams participating were composite sides drawn from regions around Natal, and the former independent school team players were selected for one or more of these teams. Other provinces have imitated the Offord Week concept and in recent years several 'invitation' festivals, such as the Michaelmas Week, have been established. However, the Michaelmas Invitation Week is the oldest 'private' festival cricket week. It has been held annually since 1959 (except in 1970 & 2020) and the 2021 Week will be the 61st Edition.

The first Week was held from September 28th to October 1st in 1959. The late Mr LCW Theobald, who was Master-in-Charge of Cricket at DHS from 1949 to 1967 and the late Mr RM Chambers of Maritzburg College were jointly responsible for the foundation of the Week and its organisation for the first six years. At first, four schools took part; the two host schools with KES and Jeppe. The schools played each other on the first three days and on the last day matches were played against DJ McGlew's XI, the Penguins CC (from Port Elizabeth), Richmond CC and Wartburg CC.

In the first four Weeks, the schools played against Men's Country Districts XI's from the Natal Midlands areas of Eston, Howick, Greytown, Wartburg, Richmond and Nelsrust. Furthermore, in 1960 and 1961, DHS and Maritzburg College joined forces and fielded two combined teams under the two school captains, i.e. Clarkson's XI and Sharratt's XI and in 1960 these teams even played each other. At the same time St John's joined the Week in 1960 and a combined Transvaal Schools team played against Maritzburg College and DHS in 1962. It was not until 1963 that the Week became an entirely schools' affair, with six teams, including Michaelhouse, Combined Midlands Schools, KES and Pretoria Boys High School. In 1964, the schools invited were Kearsney, Combined Midlands, Queen's College and KES.

In 1965 the Week assumed the format which was to remain unchanged until 1980, i.e. ten teams, five from Natal playing against five from other provinces. The five Natal Schools remained virtually constant since Glenwood replaced Kearsney in 1967. As for the others, invitations have been extended to a number of regular visitors. In 1980, the total number of teams was increased to twelve, six 'local' and six from 'abroad'. As the week has increased, the KZN contingent at the Week caters for all major KZN boys' school, with Clifton College from Durban being the most recent KZN inclusion. This year the number of participating sides is 20.

The following schools have participated in Michaelmas Week at one time or another. (The number of previous Weeks attended is reflected in brackets.)

## **INTERNATIONAL**

The King's School and The Scots College (Sydney, Australia); an Indian XI (New Delhi), Palmerston North Boys' High School (1) and Westlake Boys High School (5), Taurang Boys College (all New Zealand).

In the early years, the visiting teams stayed in local hotels but later accommodation for all was made available at Maritzburg College. It is a wish of this cricket week to try and have all teams residing in one of the Boarding Establishments.

As may be expected, costs have risen enormously over the years. Visiting teams in particular, have had to bear increasingly heavy transport costs. Towards the end of the seventies, the future of the Week, as we know it, was in some jeopardy owing to the increased financial burden. It was in 1979 that Metropolitan Homes Trust in Pietermaritzburg came forward with the money to ensure that the Week could proceed without undue financial hardship to the players involved. That company sponsored six Michaelmas Weeks and we are very grateful for its generosity and friendliness over that period.

When, early in 1984, Metropolitan Homes Trust found that it could no longer find the money to continue the sponsorship, the future of the Week again became a matter of grave concern. It was then that First National Bank agreed to take over the sponsorship. In 1985, the first First National Bank Michaelmas Invitation Cricket Week was held at Maritzburg College and, at the sponsor's request, the Week moved to Johannesburg and King Edward VII School for the only time in 1987. This was probably fortuitous as Pietermaritzburg had some of its worst floods in living memory. In 1988 the Week moved back to Pietermaritzburg and this coincided with the 125th Anniversary of Maritzburg College. All in all, First National sponsored ten Michaelmas Weeks for which the organisers will be eternally grateful. The role played by Mr Ian Dixon and Mr Jackie McGlew in securing the sponsorship for as long as it was maintained, must be acknowledged.

The catering firm, Kagiso Khulani Supervision Food Services, took over the sponsorship of the Week during their six- year tenure as school caterers. Mandate Meal Management (Pty) Ltd, who were school caterers in 2001 and 2002, sponsored the Week during those years. In 2003 the sponsors were Jackson's Sports and Gunn and Moore.

Mr Jonathan Oppenheimer is sponsoring the Week again this year, as he has done since 2004, making this the longest sponsorship period in the history of the Week. This enables us to keep the costs to the players down to a reasonable level. We are indebted to Mr Oppenheimer for his continued interest in schoolboy cricket. The support and generosity from Mr Oppenheimer shows his passion for cricket in South Africa and the development of the game in our country.

Our school caterer since 2003, Heather Lawson (of Granny Mac's) has very generously sponsored the Managers' Dinner each year, and this year is no exception. Heather is a great friend of Maritzburg College and we appreciate her support enormously.
