

MARITZBURG COLLEGE

Summary of Results by Season

Maritzburg College has a rich rugby history extending back to 1870 when College played their first ever schoolboy rugby game against Hermannsberg. Today, as many as thirty teams take the field every weekend, playing the game with enthusiasm and pride. The school's rugby success is built on a firm and broad foundation – one which has seen an Old Collegiate in every World Cup winning squad.

Below are match results against other schools for each season. Unfortunately the results of many matches played in the late 19th century have never been recorded. Reminiscences by early pupils of both College and Hilton indicate that such matches were regularly played. It would appear that College's schoolboy opponents were Hilton, Bishop's (the fore-runner of Michaelhouse) and the St Charles Grammar School.

The names by which schools are known now are used.

Unbeaten years marked in **gold**.

Schools with duplicates have the city written after the school name.

This list was compiled by Alexis Leclezio, with help from Nico Meisegeier and Mr M Marwick. The book Jimelayo Ji by Mr JM Nicholson and Mr T Wiblin.
