

Fuller House News

Term 4 - 2025

HOUSEMASTER'S REPORT

Once again another year has flown by for the men of Fuller House. Our matric boys of 2025 certainly made the most of every moment, making and taking in those special moments on Goldstone's and Papes on a Saturday. These are the memories that they will one day share with fellow old Collegians and their own sons.

The motivation for our returning boys is to pick up the baton that our matric boys had ably carried this year and leave the House in a better place. To the boys who have met or surpassed their goals goes out our hearty congratulations. The hard work has paid off and it is time to enjoy the rewards of your excellence. However, resting on one's laurels is never a good idea as the path to brilliance is littered with the hopes and dreams of those that have done so.

I need to extend sincere and special thanks to all our staff for their superb efforts and efficiency throughout this year.

We wish all our boys, staff, and parents a relaxing and rewarding break following an extremely demanding, but successful 2025. Cherish this opportunity to spend time with each other. Come back strong and revitalized for the challenges of 2026. It remains your responsibility to, at all times, uphold the values of our beloved school and make the most of the opportunities that are out there.
